GUIDELINES FOR CONTRIBUTORS

Scope and Policy
Judaica Librarianship is devoted to the organization and management of Judaica and Hebraica collections of all types. The editors welcome articles on all aspects of the Jewish library and book worlds. The journal is also known as the Judaica Librarianship Journal. Authors are expected to include descriptions, evaluations, and critical comments (preferably in this portion of the review).

The descriptive part should acquaint the reader with both the purpose and contents of the work. Basic information about the author or producer, and the work itself (part of a series, illustrations, etc.) may be included in this portion of the review.

The evaluation of the material should consist of an objective examination of the contents, a spot-check of sources, and summarization of findings (whether the work meets the stated objectives of the author or producer, whether the work meets scholarly standards, etc.). Critical comments pertaining to the technical aspects of the work (arrangement of material, order of chapters, bibliography, functionality of the interface, etc.) may be included in this section.

Basic criticism, including the reviewer’s opinions and final judgment of the work, should be placed toward the end of the review.

Note to publishers: Judaica publications other than reference books, works of professional interest, CD-ROMs, websites, and other electronic resources may need only be placed in the references in normal position, following the volume and page number of a periodical and preceding pagination, or following the publication data for a book.
