Ella Ruderman
Yeshiva University
New York, NY

Abstract: The additions and changes to the Library of Congress Classification made from April 1993 to December 1994 and which are relevant for Judaica libraries are covered in this column. Most of the changes come under classes BM (Judaism), BS (Bible), DS (History of Asia) and PJ (Oriental philology and literature). Of major significance are the following changes:

(1) Class number DS110 (Israel regions, towns, etc., A–Z) was expanded with an extensive list of new cutters.

(2) The scope of class number PJ5054 was limited to Hebrew authors who published between 1946 and 1990, and a new class number, PJ5055—with a sophisticated breakdown—was introduced for authors who published since 1991.

(3) The part of class number 27772 dealing with Bibliographies on Parts of the Old Testament was divided into two sections: Groups of O.T. Books and Individual O.T. Books; each section was in turn expanded with numerous cutters.

Introduction

The scope of this column encompasses the entire LC classification, with emphasis on the classes of major importance to Judaica libraries. Changes to LC classification as they pertain to Judaica, including additions, cancellations, or replacements of class numbers, are reported.

The additions and changes to LC classification noted in this column were culled from the following lists of LC Classification Additions and Changes:

HF Commerce

HF  List 250 made a number of changes in the schedule under class number HF5549.5 (Topics in personnel management, A–Z). First, the caption for cutter .M5 (Minorities) was expanded to include Diversity of employees and Multiculturalism. This expansion prompted the addition of two reference notes. The notes and the new cutter read as follows:

Diversity of employees, see
HF5549.5 .M5
Minorities. Diversity of employees. Multiculturalism, see HF5549.5.M5.

HV  List 253 revised class number HV640.5 (Refugees, by ethnic or national group receiving relief, A–Z). The cutters under this number were previously preceded by e.g. LC has removed the e.g., and moved the subsequent cutter numbers to the left. It also introduced two changes in List 256 after the publication of the new H schedule: it revised the caption for cutter .A6 from Arab refugees to Arabs and added a new cutter .J4 (Jews).

The entire revised section of the schedule (with the heading quoted to show alignment) reads as follows:

HV  HV640.5 By ethnic or national group receiving relief, A–Z
J4 .A6 Arabs
.J4 Jews

HV  The topic Alcohol and ethnic minorities was added to the section of the HV schedule dealing with Alcoholism. To incorporate this expansion, a decimal subdivision was added to class number HV5199. The new caption is aligned with the caption of HV5200, and reads:

HV5199.5 Alcoholism and ethnic minorities.

JS Local Government

JS  List 251 expanded the caption for cutter range .I8–83 under class number JS7499 (Local governments of other countries of Southwestern Asia). The caption, which used to read Israel, now includes Palestine:

JS I8–83 Israel. Palestine.

JV Emigration and Immigration

JV  Class number JV6348 (Assimilation, by race, A–Z) underwent a number of revisions in List 255. First, the scope of the caption was expanded to include ethnic groups. Second, the e.g. preceding the cutter numbers was deleted and the alignment shifted to the left. Third, the cutter number .J4 (Jews) was added to the list. The revised section of the schedule reads as follows:

JV6348 By race or ethnic group, A–Z

The section of the JV schedule dealing with Emigration and immigration in the countries of Eastern Europe was revised in List 255 to reflect the break-up of the former Soviet Union.

First, the caption for class numbers JV8180–9, which used to read Soviet Union (2), now reads: Russia. Soviet Union. Former Soviet republics (2).

Second, the class number JV8190 was added to reflect Russian Federation alone.

Third, the indention of the next four lines, covering the Baltic countries, was changed. They are now aligned with all the other countries.

Fourth, the Library of Congress added Belarus, Moldova, and Ukraine to the countries enumerated in the schedule, by introducing decimal subdivisions to class number JV8195, as well as the new class number JV8196.

The revised section of the schedule follows:

K General Law

KE Law of Canada

KFN Law of New York

In Lists 251, 252, and 256 LC added the subtopic Relationship between civil and religious divorces under the heading Divorce and separation to three schedules: K (General law), KE (Canadian law) and KFN (Law of New York).

In the K schedule (General law), class number K695 was expanded with a decimal subdivision to accommodate the new heading:

K695.5 Relationship between civil and religious divorces (II).

In the KE schedule (Law of Canada), a class number was added for this heading:

KE572 Relationship between civil and religious divorces (II).

The two numbers above can be further subdivided according to Table II of the K schedule.

Finally, to incorporate the new subject into the KFN schedule (Law of New York), the Library of Congress revised class number KFN5126 (Divorce, separation) by further breaking down its heading and adding a decimal subdivision. The revised schedule reads:

Divorce. Separation
KFN5126 General works (VI)
. . . . . Relationship between civil and religious divorces (VI).

The new class number can be further broken down according to Table V at the end of the KF schedule (Law of the United States).
KF Law of the United States

KF 4162 Current debate on restoration of prayer in public schools prompted the Library of Congress to update the caption for class number KF4162, which deals with the legal aspects of *Religious and patriotic observances in public education*. The old caption read: KF4162 Religious and patriotic observances. Bible reading. Religious instruction. School prayer. Flag salute (VI)

The updated version, introduced in List 250, is much shorter and more general: KF4162 Religion and patriotism in public schools (VI)

KJA Roman Law

KJA 174 List 250 added Jewish law to Other ancient legal systems, compared with Roman law by introducing the class number KJA174. The new line (quoted together with the heading to show alignment) reads:

KJA174 Jewish.

KJA 2211 In List 255 LC expanded the section of the KJA schedule dealing with the types of status of natural persons in Roman law to include Jews. First, class number KJA2212 (Access to citizenship of the status Latini) was canceled, and the line converted to a reference. Following that, the class number KJA2211 (Jews) was introduced. The revised portion of the schedule (with the heading for Latini quoted to show alignment) follows:

Latini (I)

Access to citizenship, see KJA2955

KJA2211 Jews.

KL–KWX Law of Asia and Eurasia, Africa, Pacific Area and Antarctica

In the Spring of 1993 LC published the newly developed two-volume schedule for the Law of Asia and Eurasia, Africa, Pacific Area and Antarctica. The changes and additions to this schedule, printed in Lists 251–256, are too numerous to be included in this column. We plan to report on these and the subsequent revisions of this schedule in the next issue of *Judaica Librarianship*.

ML Literature of Music

ML 990 Class number ML990 (History and criticism of other special wind instruments, A–Z) was expanded in List 250 to include a new cutter: .S55 Shofar.

N Visual Arts

N 8251 In List 251 Library of Congress expanded class number N8251 (Special subjects in art, St–Te) with the cutter T37 .T37 Terezín (Czech Republic: Concentration camp).

The revised schedule reads:

N8260 War. Battles

Including art about specific wars or battles.

Of special importance is the fact that this class number now covers *art about individual wars and battles*, which was previously classed in History (D–F).

NA Architecture

NA 1068 In response to recent works on German architecture during the Third Reich, LC introduced a further breakdown for class number NA1068 (Architecture of Germany in the 20th century), which includes a cutter for architecture under National Socialism. Until now this class number was not explicitly listed in the schedule itself, but was to be derived by adding the corresponding number 368 from Table IV to the base number 700 (Architecture of special countries). List 256 added class number NA1068 and its further breakdown to the schedule itself:

NA1068 .5 20th century .5 Special aspects or movements .5 National socialism.

NC Drawing, Design, Illustration

NC 825 List 251 added the cutter .T47 Terezín (Czech Republic: Concentration camp). to class number NC825 (Other subjects in drawing, design and illustration, A–Z).

It added two decimal subdivisions (.2 and .3) to the respective class numbers for Canada in all three tables (i.e., 13, 29, 41 and 41) to accommodate the new subtopic—Canadian ethnic groups—and its breakdown. The relevant section of the revision reads as follows:

Recent interest in Jewish culture and history in Poland has prompted LC to add several Judaica-related topics to the PG schedule.

PG
List 254 added a cutter to class number PG7035 (Special classes of authors in the history of Polish literature, A–Z):

PG
In List 250 LC added a cutter to class number PG7053 (Special topics in 19th-20th-century Polish literature, A–Z):
C66 .C66 Concentration camps.

PG
Class number PG7083 (Special topics in Polish poetry, A–Z) was expanded in List 256 with the cutter:

PG
The cutter number J48 was also added in List 254 to class number PG7102 (Special topics in Polish prose, A–Z).

PJ
Oriental Philology and Literature

PJ
List 250 revised the format of class number PJ4807 (Foreign elements in Hebrew language etymology). It added e.g. before the list of cutters and moved the cutters themselves eight spaces to the right. It also added a cutter (.A7) to the list. The revised section of the schedule now reads:
PJ4807 Foreign elements, A–Z
 e.g. .A7 Aramaic.

PJ
A new cutter was added in List 254 to class number PJ5012 (Treatment of special subjects in the history of Hebrew literary criticism, A–Z):
N27 Nationalism.

PJ
Class number PJ5030 (Special topics in Hebrew prose and fiction, A–Z) was expanded in List 255 with the cutter:
G74 Grief.

PJ
Class number PJ5050 (Medieval Hebrew authors through 1700) received a new note in List 250. The note follows cutter number .S36 (Santob, de Carrion . . .) and reads as follows:
Shabazi, Shalem, 1619–1686, see PJ5050.S5.
 .S5 is the cutter for the alternate form of this author’s name as listed in the schedule:
Shabazi, Shalom.

PJ
In Lists 255 and 256 Library of Congress added two new names and a reference note to class number PJ5053 (Individual Hebrew authors and works published between 1866 and 1945, A–Z):
R582 Rosen, Abraham, 1888–
Rosen, Avraham, 1889–1974, see PJ5053.R582
.S73 Soyer, Abraham, 1867–1940.

PJ
Class number PJ5054 was revised in Lists 250–256. First, the scope of the caption was changed in List 251. This class number now covers Hebrew authors who published between 1946 and 1990. For authors who started publishing after 1990, LC has introduced the class number PJ5055, which is discussed below.

Second, several cutters and notes were added to PJ5054. The revised schedule reads as follows:
Individual [Hebrew] authors and works, A–Z

PJ
As noted above, the class number PJ5055, introduced in List 251, deals with authors who first published after 1991. The breakdown for this number is as follows:

The author number is determined by the second letter of the name, unless otherwise specified.
Each author is subarranged by Table XL

List 251, deals with authors who first published after 1991. The breakdown for this number is as follows:

PJ 5055,1–51 1991–

1 Anonymous works. By title, A–Z

12 A

13 B–Bar

The author number is determined by the third letter of the name.
A number of revisions were introduced into class number PJ5129 (Individual Yiddish authors, A–Z) in Lists 250, 251, 253, and 254. First, the cutter for Zvi Eisenman was changed from .E532 to .E5325, which prompted a change in the reference note. The revised note and cutter read:

PJ5129

Ayznman, Tsevi, 1920– , see PJ5129.E5325

E5325

Eisenman, Zvi.

Second, the cutter for Dora Teitelbaum was changed back to .T38 from .T36, and the line now reads:

PJ5208

Teitelbaum, Dora.

(This revision seems to be somewhat puzzling: the cutter for Dora Teitelbaum in the 2nd edition of the PJ schedule (1988) is already .T38, and I could not find any changes to it in prior LC lists.) Third, several cutters and notes, listed below, were added to this class number (if a note refers to a new cutter, no explanation is given, since the cutter can be found in the listing; if a note refers to a previously established cutter, the information about it is provided in parentheses):

Granitstein, M. (Moses), 1897–1956, see PJ5129.G7

Guiser, M.D. (Moisés David), 1893–1952, see PJ5129.G82

Korenchandler, Chaskiel, 1899–, see PJ5129.K2788

Kohnchandler, Yehezkeli, 1899–, see PJ5129.K59

Lokiec, Moshe, 1911–, see PJ5129.L595

Margolin, Am, 1892–1959

Olitsky, L., see PJ5129.O524

(OH5129.O524 refers to Olitzky, Leib, 1894–)

Ovid, Mosheh, b. 1885, see PJ5129.G576

(PJ5129.G576 is the number for the Yiddish works of Good, Edward, b. 1885, the occasional pen-name of the British Jewish author Mosheh Oved, who wrote both in Yiddish and English; it used to be the established LC heading for this writer and thus determined the cutter. I assume that Ovid (vs. Oved) is a misspelling, which will be corrected in future LC lists; cf. the similar note in the PR schedule for Oved’s works in English, which contains the correct spelling).

Schneersohn, Fischel, 1887–1958 (The form as listed contains an obvious typographical error; it should read Schneersohn: see the note below)

Shene’urson, Fish!, d. 1958, see PJ5129.S2917

Sinay, Miguel H., see PJ5129.S485

Yanasowicz, ltzhak, 1909–, see PJ5129.115.

The cutter range .A6–Z under class number PJ5208 (Aramaic texts, by place where found) was expanded to include a new place:

Hadr

Hadr, a city in modern Iraq, is the site of the ancient Semitic city of Hattra, where excavations uncovered a number of Aramaic inscriptions.
PJ
In List 251 LC revised the section of the PJ schedule (following class number PJ6805) which deals with Modern Arabic dialects (North Arabic) in Palestine. The revision expanded the caption to include Israel, and added two decimal subdivisions to PJ6806 to include the topics of Readers and Phonology. Also, the previous breakdown of class number PJ6808 into two groups of cutter numbers, .A-Z for Texts, and .K37 for Local dialects, was replaced with two class numbers: PJ6808 and the newly introduced PJ6809. The revised schedule reads as follows:

Modern Arabic dialects (North Arabic)
Palestine and Israel

PJ6805 General works
6806 Grammar
.4 Readers, Exercises
.5 Phonology, Phonetics
6807 Dictionaries
6808 Texts
6809 Local, A-Z.

List 252 added a cutter to PJ7519 (Special topics in history and criticism of Arabic literature, A-Z). It is

PL Languages of Eastern Asia, Africa, Oceania

(PL) In List 250, LC canceled class number PL65 (Other Northwestern Turkic languages, A-Z) with all its cutter numbers for individual languages, and replaced it with separate class numbers for each of the languages in the group. Of those languages, one

.K37 Karaim

is relevant to Judaica catalogers. The Karaim language, the language of the Karaites who settled in Turkic Central Asia, has been assigned a new class number and a new table for further breakdown. It is now aligned with the Kipchak language in the schedule. The new entry reads:

PL 69 PL69 Karaim (XV1a).

PN Literature (General)

PN In List 250, LC expanded class number PN6071 (Literary collections, extracts, etc., by subject, A-Z) with the following cutter:

.A65 Angels.

PN A cutter was added in List 251 to class number PN6110 (Special collections of poetry, by subject or form, A-Z):

.B38 Bible.

PQ (Part 1) French Literature

PQ Class number PQ1145 (Collections of 20th-century French literature, by subject, A-Z) was expanded in List 253 with the cutter

.P46 Petra (Extinct city).

Petra (presently in Jordan), the Nabataean capital in the early centuries C.E., was discovered in 1812 and excavated since. It contains numerous remains of Nabataean and Roman rock architecture.

PQ (Part 2) Italian, Spanish and Portuguese Literatures

PQ In List 252 LC revised class number PQ4498.5 for Texts, and .H42 Hebrew. The revised schedule reads:

Languages of Asia, Africa, Oceania, etc., A-Z

.PQ4498.5

H42 (PQ4498.5)

Languages of Asia, Africa, Oceania, etc., see PJ-PM

(Aadded entry to be made here).

LC removed the parentheses around this class number, converted its reference to a caption, corrected the typographical error (changing Oceania to Oceania), removed the instruction, and added a cutter for Hebrew language. The revised schedule reads:

PQ4498.5 Languages of Asia, Africa, Oceania, etc., A-Z

.H42 Hebrew.

PR English Literature

PR A note was added in List 254 to class number PR6029 (Individual English authors, 1900–1960, whose names begin with letter O):

Oved, Mosheh, b. 1885, see PR6013.047.

PR6013.047 is the number for the English works of Good, Edward, b. 1885. This note parallels the previously discussed note for this author in the PJ schedule.

PS American Literature

PS List 250 corrected a typographical error in a note under class number PS3511 (Individual American authors, 1900–1960, whose names begin with the letter F). The note used to read:

Finkelstein, Mark Harris, 1922–, see PS3515.A747.

The note refers to the American Jewish author whose pen-name is Mark Harris and whose class number is PS3515.A757. The revised note reads:

Finkelstein, Mark Harris, 1922–, see PS3515.A757.

List 251 also corrected a spelling error in the first name of American science fiction writer Isaac Asimov in PS3551.S5.

The caption used to read:

.S5 Asimov, Issac, 1920–.

The revised line now reads:

.S5 Asimov, Isaac, 1920–.

PT (Part 1) German Literature

PT List 250 changed the indentation for cutter number .Y53 (Yiddish) under class number PT2030 (Translations of the works of Goethe into other non-Slavic European languages). The caption was moved three spaces to the right. The alignment is now as follows:

PT2030 Other European languages

Non-Slavic

.Y53 Yiddish.

In List 250 LC corrected a typographical error in the cutter for Salomon Kohn, a German-language novelist from Prague, who wrote about Jewish life in his city in the 18th and 19th centuries. The cutter under class number PT2385 (Individual authors or works between 1700–ca. 1860/70, Körner–Kompert) had erroneously been printed as .K4 instead of .K24. The corrected line reads:

In List 253 LC added Ladino to the languages under class number PZ90 (Juvenile belles lettres in other languages, A–Z):

L23 Ladino.

P–PZ Tables I–V

P–PZ List 253 added the cutter Table I .18 Israel.
No. 127 to the list of Readers on special subjects, A–Z in Language Tables I–V (no. 127 in Table I, etc.).

Q Science

Q To reflect the flow of scientists to Western Europe and the United States—a problem which affects Israel—LC added the following class number and its breakdown to the Q schedule in List 256:

Brain drain.

Q150 General works

.Q By region or country, A–Z.

QH Natural History (General). Biology (General)

QH In List 252 LC expanded the caption for cutter .J8 under class number QH193 (Topographical divisions of other Asian regions or countries, A–Z). The caption, which used to read Israel, now reads .J8 Israel. Palestine.

QH A new subject—Philosophy of evolution—was added to the QH schedule in List 254. A decimal subdivision was added to class number QH360 to accommodate this new heading, and the section (with the previous heading quoted to show alignment) now reads:

Evolution

.QH360.5 Philosophy.

RC Internal Medicine

RC List 253 expanded the caption for cutter .H62 (Holocaust survivors) under class number RC451.4 (Psychiatry, by age, group, profession, etc., A–Z). The cutter now includes the children of Holocaust survivors:

S Agriculture

S List 255 revised class number S484 (Agricultural departments), broadening its scope and adding further breakdown:

Agricultural departments. Agricultural administration

.S484 General works

By region or country, see S21–S400, S441–S482

Study and teaching. Research

.Q By region or country, A–Z.

Of particular interest in this revision is the addition of decimal subdivision S484.5.

S List 256 added the cutter

621.5 .A37 Agriculturally marginal lands

A37 to class number S621.5 (Other special classes of lands and reclamation methods).

UB Military Administration

UB In List 252 LC activated class numbers UB800, UB803 and UB805 (which deal with Military prisons and prisoners) by removing the parentheses around those class numbers and adding two notes under the heading. The heading (quoted to show alignment) and the notes are as follows:

Prisoners and prisons

Including prisoners of war

Cf. JX5141–JX5143, International law.

The rest of the breakdown for this heading was activated without revisions.

Z Bibliography and Library Science

Z In List 254 LC added the cutter

.T47 Terrorism.

.Z Class number Z6611 (Bibliographies of manuscripts, by subject, A–Z) was expanded in List 251 with the cutter

6611 .B52 Bible.

.B52

Z Another cutter

7128 .A53 Ancient philosophy

A53 was added to class number Z7128 (Bibliographies on special topics, A–Z) in List 250.

.Z In the same List (and in List 256) LC greatly expanded class number Z7772 (Bibliographies on parts of the Bible), specifically the section dealing with the Old Testament between cutters A (General bibliography) and K1 (Apocryphal books). The section was broken into two parts:

Groups of Old Testament books

and Individual Old Testament books

(alphabetically)

and a large number of individual cutters were added under each subheading. Among those are new cutters for Psalms (previously .E1, now .J1) and Prophets (previously .J1, now .B65). As a consequence, the former cutters (.E1 and .J1)

were parenthesized and their captions converted to references. In addition, the references were moved three spaces to the right to align them with the new cutters. The revised section of Z7772 (listed together with the preceding and following lines in order to show alignment) now reads:
